

Better Management Bigger Profits!

Theft at token operated ranges can account for thousands of dollars worth of losses a month.

Eliminate Tokens Eliminate Theft

e-Range allows you to manage prepaid customer e-key accounts, print single use PIN codes to replace tokens, and manage membership range privileges. To simplify the sales process further, we also offer integration with most major Point of Sale companies allowing you to print a PIN code directly on your point of sale receipt!

*Must have e-Range Version 8 to print PIN codes from e-Range

** Must have e-Range 8, and a POS Integration Licence to print PINS from your POS station

PRINT PIN CODES TO USE AT THE RANGE

e-Range allows you to manage prepaid customer accounts, giving you the cash up front. It can pay for itself in less than a week!

The e-Range software gives you information at your fingertips about your sales and customer purchasing habits. Sales graphs and reports for the week or month, as well as customer activity can be reviewed and printed.
